DETAILED ACTION

Claims 1-11 are currently presented in the instant application according to the Applicants' filing on 02/12/2004.

Allowable Subject Matter

1. Claims 1-11 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The closest prior art fails to disclose or fairly suggest:

a) A PLL circuit having a second loop, connected to a voltage-controlled oscillator, for controlling at least one of frequency and phase of a clock signal in accordance with a land pre-pit signal, in which first and second loops are validated when the PLL circuit is provided with the first reference signal and the first loop is validated and the second loop is invalidated when the PLL circuit is provided with the second reference signal, in combination with the remaining claimed limitations, as called for in claim 1; and

b) A PLL circuit, in which first and second input terminals are respectively supplied with first and second control voltages when the PLL circuit is provided with the first wobble signal and the land pre-pit signal, and the first and second input terminals are respectively supplied with the first control voltage and a constant voltage and the second control voltage is invalidated when the PLL circuit is provided with the second wobble signal, in combination with the remaining claimed limitations, as called for in claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
